

High Hills Elementary

5th GRADE WEEK AT A GLANCE

Week of November 27 - December 1

The following is a list of skills that your child will be learning during the upcoming week. This will enable you to keep up with your child's studies as the year progresses. Use this document to ask your child questions concerning the skills that are being addressed throughout the week.

	Monday	Tuesday	Wednesday	Thursday	Friday
Language Arts	Students will continue to work on researching and writing their informational writing using the writing process. In reading, students will continue to develop strategies for citing textual evidence while making inferences and interpret author's use of figurative language.				
Social Studies	Students will be able to summarize the impact of industrialization, urbanization, and the rise of big business, including the development of monopolies; long hours, low wages, and unsafe working conditions on men, women, and children laborers; and resulting reform movements and prepare for unit test.				
Math	Students will continue to fluently multiply multi digit numbers using different strategies including the standard algorithm and area model and relate multiplication to division and dividing with one and two-digit divisors.				
Science	Students will review the different types of landforms, constructive and deconstructive processes, weathering, erosion, and deposition and explore these processes through lb stations.				
<u>Dates to Remember</u>			<u>Take Note</u>
