

High Hills Elementary
5th GRADE WEEK AT A GLANCE

Week of Jan 7-11

The following is a list of skills that your child will be learning during the upcoming week. This will enable you to keep up with your child's studies as the year progresses. Use this list to ask your child questions concerning the skills that are being addressed throughout the week.

Subject	Monday	Tuesday	Wednesday	Thursday	Friday
Language Arts	This week the students will be continuing Next Steps Guided Reading Assessments and researching to write biographies.				
Social Studies	5-3.6 Summarize the factors that led to the involvement of the United States in World War I and the role of the United States in fighting the war.				
Math	5.NSBT.7 divide decimal numbers to hundredths using concrete area models and drawings.				
Science	<p>5.E.3B. Earth's oceans and landforms can be affected by natural processes in various ways. Humans cannot eliminate natural hazards caused by these processes but can take steps to reduce their impacts. Human activities can affect the land and oceans in positive and negative ways.</p> <p>5.E.3B.2: Develop and use models to explain the effect of the movement of ocean water (including waves, currents, and tides) on the ocean shore zone (including beaches, barrier islands, estuaries, and inlets).</p>
